

GENERAL ROUTE DESCRIPTION

The wood is owned and managed by the Forestry Commission. It is a working woodland so please follow on site signs when forestry operations are in progress.

There is a circular easy access route through the wood (Larch walk) which is approximately 1.25 km (0.75 mile) in length. The paths are hard surfaced but bumpy in places with some loose stones. The route is either level or gently sloping.

For detailed information about the slopes and surfaces and to see if the paths are suitable for you please see the map overleaf.

Bourne Wood

Countryside for all In Lincolnshire

Published March 2016

This area of quiet ancient woodland lies close to the town of Bourne and is one of the woods that make up Kesteven Forest. Within the woodland there are both broadleaved and coniferous trees as well as a couple of ponds.

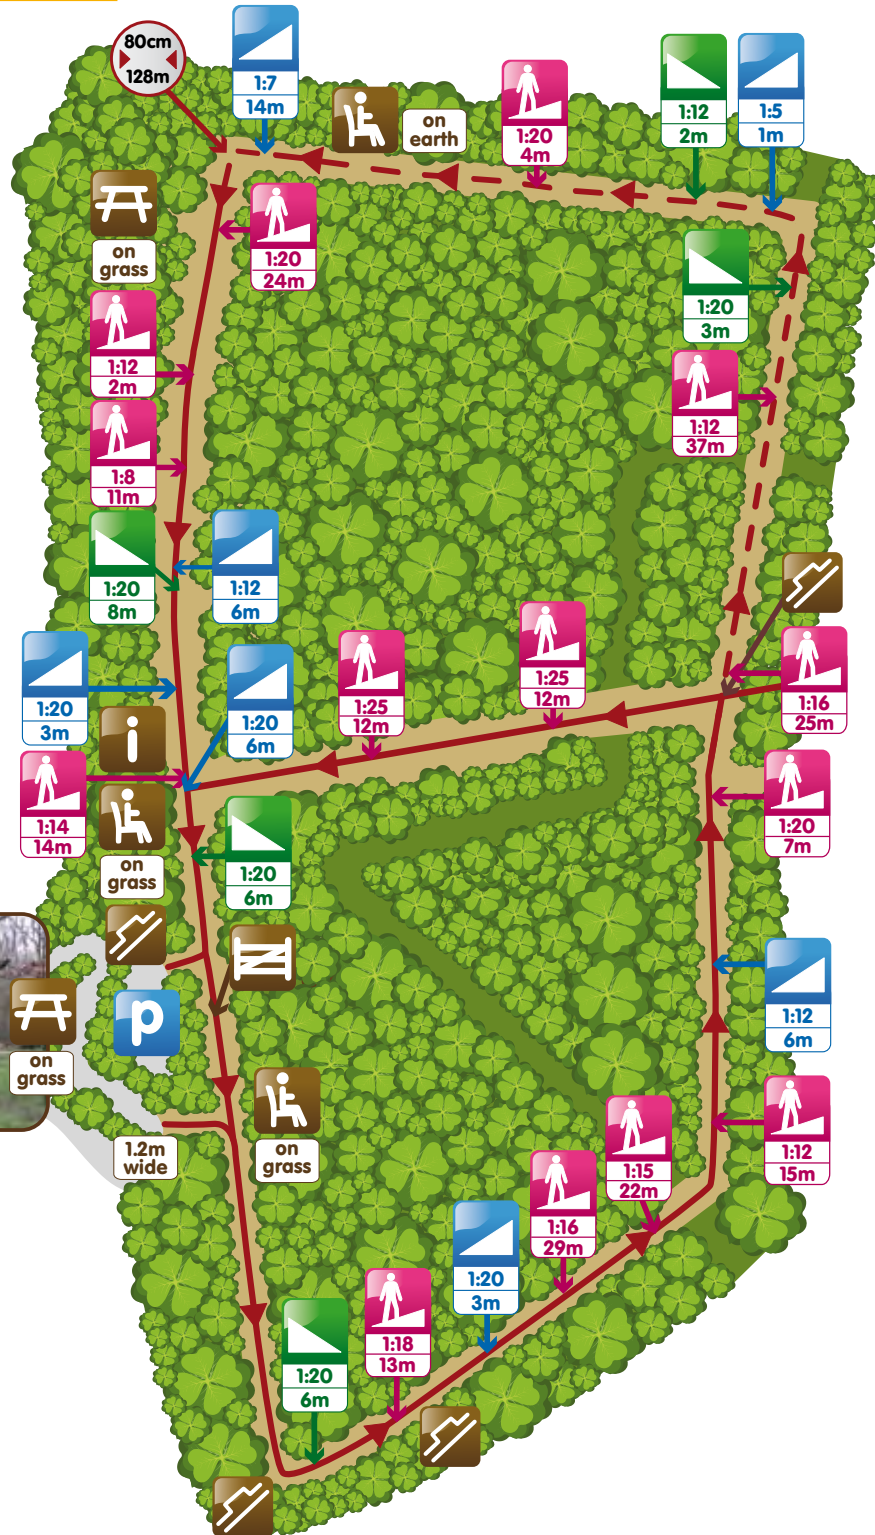

This variety of trees and habitats makes it a great place to spot wildlife, including fallow and muntjac deer.
