2025 Programme

Wildlife Watch

Wildlife Watch is our monthly group for young people wishing to learn about and engage with the natural world.

Each session follows a theme that can vary in focus from Invertebrates to the different Seasons. Every session includes a myriad of activities put together to engage and inspire the Watchers in order to create the foundations of a life-long love of nature.

Activities may include; scavenger hunts, wild art, species identification, environmental games, creation challenges, crafts and many more.

Sessions usually run on the **first Sunday** of each month, from **13:00—15:00** at Far Ings Visitor Centre.

Participants should ensure they are appropriately dressed and kitted out for both the activity and weather conditions on the day. Advice and suggestions will be relayed before the day of the session.
