2025 Programme

Lincolnshire Wildlife Trust

Junior Wardens is our monthly group for young people wishing to learn about, engage with and manage the natural world.

We offer a range of activities and natural topics from practical conservation tasks and surveys to heritage skills and species identification. All with the aim of upskilling young people helping them to connect with nature.

Sessions usually run on the **second Saturday** of each month, from 1pm–3:30pm at Whisby Education Centre.

Participants should ensure they are appropriately dressed and kitted out for both the activity and weather conditions on the day. Advice and suggestions will be relayed before the day of the session.

Plans are subject to change, sometimes at short notice, though we will endeavor to keep you notified of any changes as soon as possible.
